Your Ideas, Our Products... Better Together

DELIVERY

Nothing is more important to Lakeland Farm and Ranch Direct than making sure that your vision for your farm comes together the way you want it to. We are more than happy to make ranching life even a little easier, which is why we provide Farm Direct Delivery.

You don't have to wait. You don't have to drive or haul. No more multiple trips to pick up your purchases from a dealer. Instead, our delivery trucks will get to you faster and drop your purchase off right in your yard. With Lakeland's large in-stock and on-site inventory, our team can expedite the shipping process. So, save yourself the time, gas, and hassle of having to do everything yourself, and let us deliver directly to your farm.

LAKELAND WARRANTY

At Lakeland, we have an unwavering belief in the exceptional quality of our premium products that we introduce to the market. As a testament to this commitment, all our products are supported by our industry-leading 5-year warranty program.

Call us at **1-866-443-7444**, scan the QR code or visit lakelandfarmandranch.com/warranty for more information.

THE LAKELAND EXPERIENCE

"The equipment is phenomenal. I am extremely happy I went with you folks. The equipment is top notch. Also, a huge thank you to the individual who trucked it down as well. He was an extremely professional individual."

– Ben

YOUR IDEAS, OUR PRODUCTS... BETTER TOGETHER.

No one knows your farm better than you. The ins and outs, its successes and struggles; your farm is something you've built from the ground up. Everyone has their own ideas of how a farm should work and how it should operate. Whether you operate a high-volume cattle ranch, a burgeoning sheep or goat farm, or even a stable, nothing is more important to Lakeland than making sure that your vision comes together the way you want it to.

The new year brings exciting updates to our product line, and Lakeland Farm and Ranch wants to collaborate with you to bring your ideas to life. Whether you have an existing system or are building something new, we have the pieces to work with you. Together, we can find a better solution that fits you and the layout of your farm.

SHEEP AND GOAT HANDLING EQUIPMENT

DST
DELUXE SPIN TRIM CHUTE

Bringing ease to every task, whether it's hoof trimming, tagging, banding, or de-worming, Lakeland's Deluxe Spin Trim Chute is a must-have for any sheep or goat rancher.

Key Features

- Innovative design for precise handling
- Versatile adjustments to accommodate various breeds and sizes
- Enhanced safety and comfort with rounded edges and smooth surfaces
- Streamlined process for efficient and thorough sheep/goat handling
- Durable construction for long-lasting performance

Optional extra pads shown in picture

Product Features

- All-in-one spinning hoof trimmer and self-catch headgate
- Able to handle a wide variety of chores: hoof trimming, vaccination, tagging, banding, deworming, etc.
- Spins 360 degrees with multiple locking points
- Fully adjustable for all sizes of sheep and goat
- Squeezes from both sides for easier, faster clamping
- Comes with a set of tires and hitch for easier towing and portability
- Optional padded sides for small or delicate animals (sold separately)
- Removable Wheels
- Headgate in the closed position--opening is adjustable from 3" to 7" wide
- Headgate in the open position--opening is adjustable from 4" to 8" wide

SAFE AND EASY ONE-PERSON OPERATION

**SAFE AND EASY
ONE-PERSON
OPERATION**

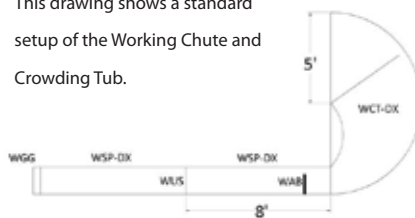

WCCT-DX
WORKING CHUTE AND CROWDING
TUB FOR SHEEP AND GOAT

The Working Chute and Crowding Tub is a fast and easy way to handle your sheep and goat. Its unique design allows all sections of the chute to be interchanged; in addition, the length of the chute can be extended simply by adding more sections. Guillotines and anti-backups can be inserted anywhere along the chute. This versatile design allows the unit to adapt quickly and efficiently to your operation.

The chute width is 18" when sides are straight, but can be narrowed to 10" at bottom for lambs. The chute has 40" high sides and can drop down to 32" for running lambs. Above parts are made with 1" x 1" tube frames and 24" high thick poly plastic sides.

This drawing shows a standard setup of the Working Chute and Crowding Tub.

PART #	DESCRIPTION
WSP-DX	8' Panel, Height 40"
WCT-DX	5' Radius Crowding Tub, Height 40'; Sliding Swing Gate
WAB	Anti-Backup Gate
WGG	Guillotine Gate

SHEEP AND GOAT HANDLING EQUIPMENT

 SAFE AND EASY ONE-PERSON OPERATION

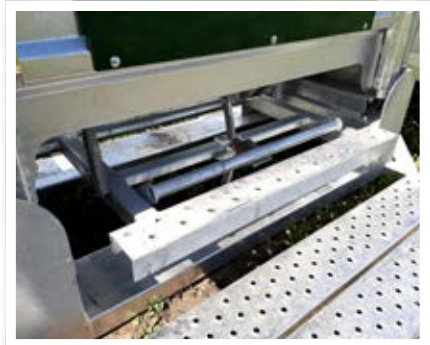

LKEKP
EASY KLAMP

The Lakeland Easy Klamp manufactured here in North America is your premium sheep & goat handler for a variety of tasks such as dagging/drenching/vaccinating and tagging. It allows the animal to run up the race and then be clamped with ease at an ideal height to save your back and the manhandling of the animal. A simple, unique dual catch & release full width pedal allows the operator to securely and safely clamp the sheep or goat with minimal stress to the animal & the operator. The width of the clamp is fully adjustable by the unique pedal allowing you to run small lambs/pregnant ewes or large breeds.

- Unique dual catch & release full width pedal for ease of operation
- Fully adjustable width of clamp
- Scale ready (no scale kit required)
- Can be set up for left and right hand operation
- Ideal for dagging/drenching/vaccinating & tagging
- Fork targets for easy moving around
- Hooks up to Lakeland WCCT-DX Working Chute and Crowding Tub
- Fully galvanized

LKEKP-3WS
EASY KLAMP 3 WAY SORTER

The optional Lakeland Easy Klamp 3 way sorter can be attached to the exit end allowing the animals to be sorted either side and straight through. This option allows the animal to arrive safely at ground level

PEH-LK

Also available to fit 5ft x 6ft bales. Specify when ordering.

3CF

COLLAPSIBLE SHEEP AND GOAT FEEDERS

- 3" rod spacing
- Completely collapsible with all straight bars
- Closer spacing allows hay to come out but keeps chaff out of the wool

Dimensions
Length 6', Width 6', Height 44"
Available in 5'x5' and 6'x6'

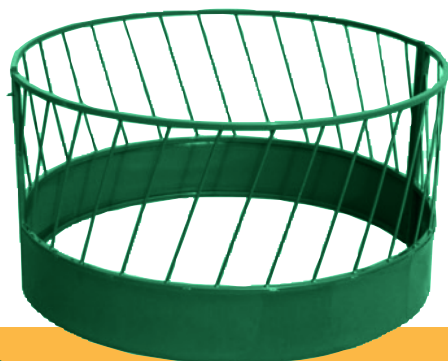

7CF

COLLAPSIBLE SHEEP FEEDERS

- 7" rod spacing
- Completely collapsible
- Slanted rods on sides of feeders prevent sheep from getting caught as ends move in

Dimensions
Length 6', Width 6', Height 44"
Available in 5'x5' and 6'x6'

2PCS

ROUND SHEEP FEEDER

- Portable two piece feeder for round or square bales and loose hay.
- 28 feeding spaces. Ideal for temporary confinement. 12" metal skirt, 6-1/2" slanted

rod spacings and easy connecting system.

Dimensions
Diameter: 5-1/2', Height: 3'

612LF

LAMB CREEP FEEDER

- 14 ga. mig welded steel tank holds approximately 12 bushels
- Tank is 6' long x 3' wide
- 6' x 6' yard with adjustable openings on creep panel end gate

- Slide back water proof lid
- Tank moves easily on skids
- Collapsible for easy shipping and transport

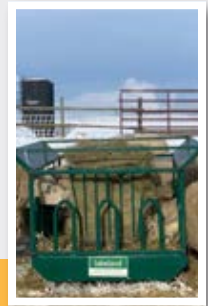

Also available to fit 5ft x 6ft bales. Specify when ordering.

SB8
SMALL BALE FEEDER

Small bale feeder with 26 feeding spaces. Design forces goats to lift heads to enter & exit feeder, reducing wastage. Feeds hay and grain.

Dimensions
96" L x 44" W x 36" H

SB4
SMALL BALE FEEDER

Same as SB8, but only 15 feeding spaces.

4ft in length

BR5/BR6
ROUND BALE FEEDER

For large round bales up to 5ft- 22 feeding spaces, tombstone design for less hay wastage.

Dimensions
62" L x 67" W x 56" H
Also available in 6ft

LSF08
ROUND & SQUARE BALE FEEDER

For large round or square bales up to 6ft (will custom build 7ft models) Tombstone design for less hay wastage.

Dimensions
96" L x 67" W x 56" H

SSBF-1
SINGLE SQUARE BALE FEEDER

Fits small square bales. Designed to reduce hay wastage. Has 12" metal base skirt.

Dimensions
42" H x 23" W x 23" L

SHR

- Sections interlink with 5/8" pins

SSP8
SPINDLE SECTION

Can be used as gates or penning. 36" High with 7/16" rods on 3" spacing. Can be made to your specified length

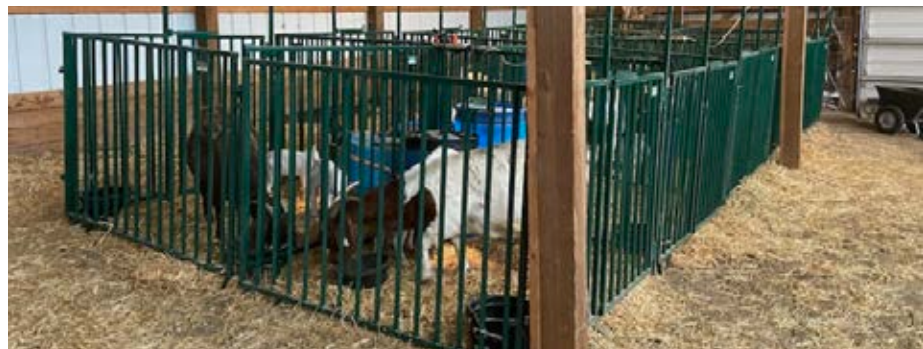

MELISSA S – BOZRAH, CT

I just wanted to let you and the company know how happy we are with your products. They are superior quality and so heavy (strong). I know that we will love using the panels and feeders for the sheep.

PT40
POST

40" Penning Post with 2 pins and 6" floor plate

KEN W. – MARION, KY

We have the Shepherdess Package handling system and I like the aluminum easy panels the best out of everything. We do a lot of pasture rotational grazing so the portable panels are so handy if you need to set up a quick pen or holding area. My wife loves them too because they are so lightweight that she can pick up 2 at a time!

DELUXE EASY CATCH SQUEEZE CHUTES

IVSCDX-LK LAKELAND DELUXE EASY CATCH SQUEEZE CHUTE

**SAFE AND EASY
ONE-PERSON
OPERATION**

- Easy Catch Automatic Self Catch Headgate with adjustable neck extender
- Parallel axis sides (both sides come in evenly so cow doesn't fall to side)
- Adjustments from 16" to 32"
- Quick advance butt-bar to help move forward & prevent animal from kicking
- Ribbed checker plate floor, for easy cleaning
- Two heavy duty rolling doors
- One lever adjust alley way (from 31" to 20")
- Cornerless Crowding Tub with 3 way exit (see features on [page 31](#))
- Built-in panel carrier
- Grease zerks for most moving parts
- Sternum Bar
- Zero-corner tub for smooth & continuous flow of cattle
- Rubber blinders on inspection doors
- Auto-locking rolling door
- Removable Wheels
- All NEW "Easy-Adjust" Headgate adjustment—this makes it super quick & easy to adjust the headgate opening for different size animals heads/necks, from large cows/bulls to small calves.
- All NEW "Easy-Flow" headgate—the headgate has open bars instead of solid sheeting, so the animals can see the light ahead and thus ensuring better flow into the headgate/through the chute.
- All NEW "Easy-Sweep" Head/Neck sweep—this "sweeps" or pushes the animals head across to one side to hold it still for when you are neck injecting or ear tagging etc.
- All NEW positive and heavy duty auto-catch system on headgate and incorporated impact torsion bar.

Lakeland Transportation Chute Cart option available

Head gate assist helps the rancher to close the headgate from further back down the chute. *(not included with standard system)*

Sternum Bar *(included with standard system)*

CUSTOM HANDLING SYSTEMS

Our premium livestock handling systems can be configured in many different ways. We can design a system for you that is specific to your operation.

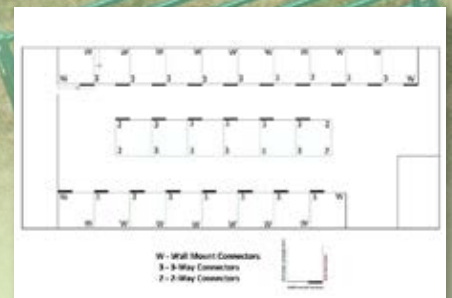

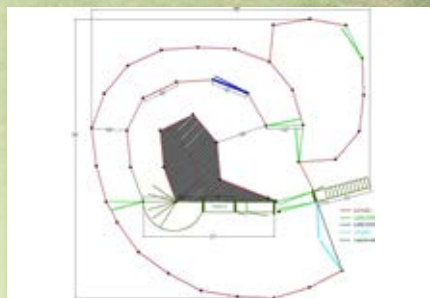

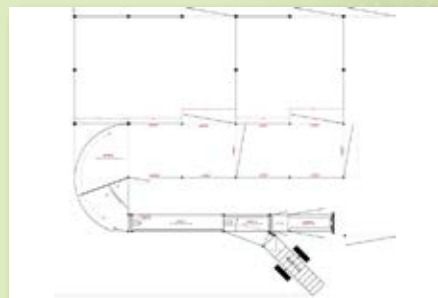

BUILDING YOUR FARM OR RANCH LAYOUTS

At Lakeland Farm and Ranch Direct, we have a long history of helping ranchers create their farms. Over the years, we have served generational farms, families that pass on their land to their children and their children's children.

But we also understand that these aren't the only farms out there. Whether it's a hobby farm, a small operation to supplement an income or even a horse stable, new homesteads and ranch operations are cropping up every day. And here at Lakeland, we want to make sure that these farms have the support they need, whether they need cattle, sheep, goat or even equine equipment.

Despite how long your farm has been around, there will always be change as the years go on.

So, whether you need help with your new farm or it's just time for a new layout, our team of New Farm specialists will help you build and design your yard, your barn or your stable. Because we have the extensive line of products that we do, the amount of options of how to build a ranch are endless, and we can help you pick and choose exactly what you need.

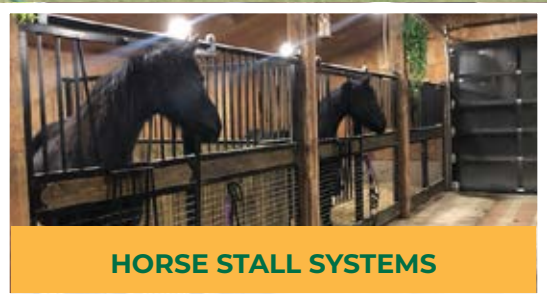

CATTLE HANDLING SYSTEMS

SHEEP AND GOAT SYSTEMS

HORSE STALL SYSTEMS

FAIR AND SHOW PENNING

WE CAN PLAN YOUR HANDLING SYSTEM WITH DRAWINGS FREE OF CHARGE

Our design department will work with you to create a yard layout that suits your operation. From concept to completion, we will integrate your experience with our innovations to design a system that works best for you.

SPEAK TO ONE OF OUR LAKELAND EXPERTS

1-866-443-7444

...and together we can configure your ideal handling system!

WE MAKE CHOOSING LAKELAND THE EASY CHOICE!

EASY QUOTING • EASY ORDERING • EASY PRODUCTS • EASY DELIVERY • EASY TO OPERATE

Lakeland Farm And Ranch Direct has utilized many years of experience to establish itself as a provider of premium farm and ranch products from livestock handling equipment to animal health & land management solutions. Lakeland Farm And Ranch Direct carries such products as headgates, squeeze chutes, livestock tubs & alleys, livestock weighing systems, wire mesh fencing and even sheep and goat equipment! Lakeland Farm And Ranch Direct truly is your one-stop shop for all of your agricultural needs.

WEIGHING AND EID

EID TAG READERS

HR4

HAND HELD EID TAG READER & DATA COLLECTOR

- Large easy to read display (indoors & out) clearly shows visual and EID tag numbers to confirm the correct animal's information Collect data, using pre-defined traits
- Choose multiple traits to record against each animal such as breed, sex, condition score and pregnancy status
- Make drafting decisions in the yard. Pre-defined sort groups are assigned a colour to quickly identify the animal you are looking for View animal history – see past traits, activities and life data previously recorded against that EID number
- Fast and continuous reading. Read multiple tags in quick succession with one trigger click – no need to repeatedly click the trigger between reads
- Easy immediate tag read feedback with a vibrating handle, loud beeper and super bright LED at end of snout
- Award winning ergonomic design comfortable for long usage times, reduces risk of trapping hand or arm in animal handlers and simple trigger action for each read
- Transfer and analyze data easily USB cable connects to a PC to transfer data to Animal Performance Software (included), for easy data management and uploading
- Easily connect via Bluetooth to other devices
- Cables included for PC connection and to charge in the car
- Compatible with all brands of weigh scales Animal Performance Software (APS) included

HR5

HAND HELD EID TAG READER & DATA COLLECTOR

- Large easy to read display (indoors & out) clearly shows visual and EID tag numbers to confirm the correct animal's information
- Collect data not just EID numbers - unique phone style keypad for adding and editing data in the yard
- Add Visual ID's to identify and record information against an animal e.g. replacing a lost EID tag number Enter numeric, text, date and pick-list type traits e.g. breed, sex, condition score, pregnancy status or free typing in 'lame' or 'loose'
- Animal notes can be set to appear when the animal is next scanned
- Link mothers (Dam) ID to newborns as soon as the EID tag is in place, add birthing details such as sex, birthing ease and fate
- Add and customize session names (such as Week 13 Lambs, Pen 12 Angus, Hereford Cows) making it easy to identify once uploaded into APS software
- Sort on the go. Sort group name and colour is highlighted on screen for easy reference
- View animal history
- View past traits, activities and life data recorded against an animal
- Fast and continuous reading
- Read multiple tags in quick succession with one trigger click – no need to repeatedly click the trigger between reads
- Simple connectivity
- Easily connect via Bluetooth to other devices
- Cables included for PC connection and to charge in the car Animal Performance Software (APS) included.
- Easy immediate tag read feedback with a vibrating handle, loud beeper and super bright LED at end of snout
- Award winning ergonomic design comfortable for long usage times, reduces risk of trapping hand or arm in animal handlers and simple trigger action for each read
- Compatible with all brands of weigh scales Animal Performance Software (APS) included

ALLBR
ALLEY LOADBARS
(UNDER WEIGH PLATFORM)

- 4400lb weighing capacity in 24" length
- Rugged galvanised steel chassis
- Bottom feet-mounting holes extend beyond top covers for ease of bolting down
- Slotted top-mounting holes fit most size of platforms
- 6 metre long, tough polyurethane loadbar cables
- Fitted with high quality, moisture proof connectors
- Fully waterproof
- No rubber mounts

HDLBRS
HEAVY DUTY LOAD BARS
UNDER SQUEEZE CHUTE

- 7700lb weighing capacity in 39" length
- High capacity load cells are able to withstand large shock loads
- Heavy galvanized steel chassis construction to withstand the harshest environments
- Ideal for permanent installation under large squeeze chutes
- Bottom feet-mounting holes extend beyond top covers for ease of bolting down
- 6 metre long, tough polyurethane loadbar cables with spring wire protection
- Fitted with high quality, moisture proof connectors
- Fully waterproof
- No rubber mounts

WEFT
HEAVY DUTY WEIGH FEET - UNDER SQUEEZE CHUTE

- High performance double ended shear beam stainless steel loadcells offering corner to corner accurate weigh reads for superior weighing performance
- Heavy duty stainless steel top and bottom mounting plates
- Unique design offers flexible installation options under cattle handlers or irregular shaped platform assemblies
- Loadcells easily replaced on farm without a major lifting job, fifth loadcell supplied with the kit as a spare preventing delays and stress during critical livestock handling sessions

- Compatible with Gallagher TW-1, TW-3, and TW-5 Weigh Scales, etc.
- Protected against damage with rodent and crush protectors on loadcell and loadbar cables.

SCALE HEADS

TW-1
WEIGH SCALE

- Tough, rugged exterior suitable for all environments
- Flexible mounting options
- Flexible connectivity options
- Complete package – includes tough and convenient Gallagher carry case, mounting bracket, micro-fibre screen cloth, battery charging cable, mains charging cable, USB drive loaded with APS software, USB cable for data transfer to PC.
- Market-leading touch screen technology
- Simple to use – Extremely intuitive, easy to use interface
- On board help, 24/7
- Animal notes and note alerts
- Animal data analysis on device

WPFM
ALUMINUM WEIGH
PLATFORM

- Inc Hangers
- Heavy duty formed ¼" aluminium plate. Raised sides to prevent animals from slipping off
- Pre-engineered to fit our loadbars and place in our alleys/ weigh crates and portable units

WGCR
WEIGH CRATE

- Adjustable & Non-Adjustable
- Heavy Duty Rolling Doors each end. Easy access 14 gauge sheeting
- Stands alone or pins to your system. Totally scale ready for weight platform and loadbars
- Available as fixed side (non adjustable) or adjustable side to prevent turn around of smaller animals

W-0
ENTRY LEVEL
WEIGH SCALE

- Easily measure livestock performance
- Record livestock weights and sessions on your phone
- Record individual weight and weight gains on your phone with animal IDs (Animal Performance Plus subscription fee applies)
- Long lasting, rechargeable power
- Simple to use, easily read weigh and display interface
- Tough, farm ready exterior
- Full control of your weigh scale operating modes
- Robust load bar connectors
- Suitable for permanent or temporary installation

W-1
ENTRY LEVEL
WEIGH SCALE

- Record individual animal weight and weight gains
- Sync your animal data without leaving the yards
- Information at your fingertips
- Easy to read, full-color screen
- No load bar cables needed – compatible with Wireless Loadbars
- Connects to wireless EID readers
- On the spot digital notes and alerts
- View animal performance in the yards
- Sort your animals in up to 9 groups with custom drafting
- Tough, farm ready design
- Long-lasting, rechargeable lithium battery
- Full control of your weigh scale operating modes
- Suitable for permanent or temporary installation

TW-3
WEIGH SCALE AND READER

- Market leading touch screen technology
- Simple to use – Extremely intuitive, easy to use interface
- On board help, 24/7
- Record weight, life data and traits
- Record treatments on the spot
- Draft by weight or recorded data
- Animal data analysis on device
- Tough, rugged exterior suitable for all environments
- Flexible mounting options
- Flexible connectivity options
- Complete package – includes tough and convenient Gallagher carry case, mounting bracket, micro-fibre screen cloth, battery charging cable, mains charging cable, USB drive loaded with APS software, USB cable for data transfer to PC.

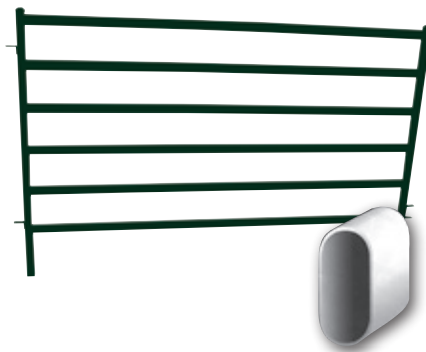

TWR-5
WEIGH SCALE AND READER

- Market-leading touch screen technology
- Full color, outdoor-readable touch screen.
- Animal data analysis on the device.
- Shows individual weight gain graphs, as well as weight distribution plots for all animals within a weighing session.
- Ultimate user experience
- Tough, rugged exterior
- Integrated EID reader
- On-board help, 24/7
- Animal notes and note alerts
- Comprehensive recording of life data and traits
- Flexible mounting options
- Complete package – Tough and convenient Gallagher carry case, Mounting bracket, Micro-fibre screen cloth, Battery charging cable, Mains charging cable, USB drive loaded with APS software, USB cable for data transfer to PC

HEAVY DUTY CORRAL PANELS & GATES

- Powder Coat Finish (Green)-to resist rust and maximize the life of the gate
- Vertical supports designed to add strength where needed, without adding unnecessary weight
- Suitable for many different applications including access gates for fields, pastures, driveways and containment of livestock.

GHA HEAVY DUTY HINGE SET

Galvanized Threaded Hinge set 12" long x 3/4" diameter

PPC20 PORTABLE PANEL CARRIER

SANDRA – ON

Set up for a long runway into the yard. We had a large gather to do and without these panels it would not have worked out. All the cattle came into the yard which in the past never happened.

CALL US AT 1-866-443-7444 TO ASK ABOUT QUANTITY DISCOUNTS!

FS278

FREESTANDING CORRAL PANEL

Heavy Duty 6 bar Freestanding Corral Panels with removable legs.

Available in 24.5ft or 31ft

FS278-31WBPk

31FT WINDBREAK PANELS WITH POCKETS

PREMIUM WINDBREAK BOARDS

PUSH AND DRIVE-OVER GATES

PUSH AND DRIVE-OVER GATES

Available in 6ft, 14ft and 16ft widths

Make your life easier by utilizing Lakeland's Push N' Drive Over Gates. Drive over them in your truck / tractor / 4 wheeler. Super Heavy Duty built to last. Available in 6ft/14ft and 16ft widths.

- 54-111356 - 6ft | Weight: 300lbs
- 54-111354 - 14ft | Weight: 800lbs
- 54-111360 - 16ft | Weight: 850lbs

C. STEIN – SK

I really like it – saves a huge amount of time. Feed 5 bales and you are opening and closing a gate 10 times! This sure makes it easier. If it holds up with my tractor riding over it, i'm going to order another one

WATERERS AND FEEDERS

MIRACO WATERING SYSTEMS

PTSR

PORTABLE SOLAR POWERED WATER TROUGH

The Lakeland portable solar water trough is a livestock watering system that utilizes the sun's power to run the pump. This water trough can be used in any remote area on your ranch or farm.

The Lakeland Solar Powered Water System is a ready to pump solution for your dugout, creek or well. Everything is wired up and ready to go with this system. The wheeled model can easily be towed to a new location in your pasture with a quad or side by side.

The solar trough combo comes outfitted with the following:

- 275 Imp gallon Trough
- Solar Module
- Batteries and Battery Box (4 x 6V Batteries Included)
- Charge Controller
- Pump (different pumps available per application)
- 100' Hose
- Pump Wire

AVAILABLE IN 5 SIZES

EASY FEEDERS

The efficient design of this cattle & sheep feeder will save you time & money by allowing you to keep a close eye on the amount of feed you give your animals. The Lakeland Easy Feeder comes standard with an epoxy-coated interior and is ready for high salt- and mineral-content feeds. With a 40° to more than 50° bottom cone angle on select models, the Lakeland Easy Feeder is ideal for rolled grain, pellets, and screenings.

FULL LINE OF MINI FEED BINS AVAILABLE

Lakeland Easy-Feeder, the rancher's choice for livestock feeding equipment, can be used in various ways. The standard Easy-Feeder is mounted on a skid frame and can easily be hauled in a pickup, both long- and short-box models. With the optional bolt-on trailer kit, it can be pulled with a pickup, tractor, or ATV. A bale deck Easy-Feeder model is also available, as well as an optional bolt-on 3-PTH frame.

SELF FEEDERS

Our premium self-feeders are available in 5 sizes- 250 Bushel/400 Bushel/650 Bushel/800 Bushel & 1000 Bushel. All sizes are built on heavy duty skids and the 400 Bushel is available with a portable option on wheels. 650/800 and 1000 Bushel feeders come standard with full length catwalks

PORTABLE COMPETITION HORSE STALLS

Also available in 12ft lengths

The Lakeland Portable Box Stalls are ideal for showgrounds, fairs, expos, racetracks, private horse events or a temporary stall for your horses. The Aluminum made frames make it ideal for easy setup and take down for temporary situations while still maintaining the strength and durability you need for horses. The ¼" puckboard makes for a clean, uniform look for your show and keeps your horses safe at all times. For multiply stalls, they can be pinned back-to-back or in a line.

Features:

- 10'L x 7'H Stall Fronts & Dividers
- 48"W Door Opening with pin spring latch for easy access in and out
- 1.5" Square Tube Frames with 1" turned spindles on the fronts
- All tubing is 1/8th wall thickness. Puckboard is ¼" thick
- Pins included and do not separate from the frames (saves losing connecting pins at events)
- Frame on top to pick up with loader, forklift or skidsteer

PHSDA10 – 10' Stall Divider – Aluminum. Includes puckboard.

PHSFA10 – 10' Stall Front – Aluminum. Includes puckboard. (145 lbs)

PHSBA10 – 10' Stall Back – Aluminum. Includes puckboard.

NO MATTER WHERE YOU ARE, LAKELAND CAN HELP!

When we say we ship farm equipment anywhere on the planet, we really do mean ANYWHERE. Here are a few stories behind some of the far-reaching places we've shipped to over the years, and some more information about our shipping services.

AFRICA

We met a rancher from Alberta who wanted to move his cattle operation all the way to Zimbabwe. He needed a handling system for the new operation and turned to us to help get it sent there and set up.

SPAIN

A director of several farms in the south of Spain, wanted a new cattle squeeze chute for one of his operations. Researching online he saw Lakelands YouTube videos and visited the website. He liked the build quality of our North American style chute compared to what he could get in Europe so purchased one along with an RFID reader - all crated up and shipped directly to him. He had never bought like this overseas so was happy that Lakeland looked after all the customs paperwork!

ALASKA

An organic grassfed operation contacted us with a bold plan: they wanted to start an organic beef ranch off of the coast of Alaska. As they were starting from scratch, we started off supplying entire container loads of fence panels to these guys, as well as several squeeze chutes.

UK

A purebred Speckle Park breeder had been to Agribition in Regina a few times and met with the Lakeland team. He liked what he saw and knew it wasn't available in the UK so decided to buy direct from Lakeland and have it shipped directly to his farm in Dorset. "We love it!" he said.

...AND THAT'S JUST A FEW

We have also sent equipment to Australia, Finland, Germany, Uzbekistan, Russia, United Arab Emirates, Chile, Belize, Suriname, Puerto Rico, Hawaii and more...

RIOMAX MINERAL PROGRAM

FAST • FRIENDLY • CONVENIENT • EASY | ONLY AVAILABLE IN CANADA*

SO WHAT IS RIOMAX®?

It's a highly concentrated, low consumption, max digestion, max nutrition product for livestock that you can use as a tool to navigate your way to better margins.

RIOMAX® PG360 IS A CONCENTRATED, LOW-CONSUMPTION, ALL-NATURAL TUB DESIGNED FOR YEAR-ROUND USE ON CATTLE.

Includes:

- Nutrizorb® multi-component digestion package
- Esqort® 100% protected key trace mineral package
- Flaxpac™, containing high levels of omega-3 fatty acids
- 100% Q-Sel™ organic selenium

SOME OF THE RESULTS RIOMAX® PG360 IMPACT INCLUDE, BUT ARE NOT LIMITED TO:

- 3%-10% increase in conception rates
- Increase of up to 10-40 pounds in weaning weights
- Forage/hay savings and/or stocking rates of up to 15%-30%
- A decrease of calf health challenges

- Spring-loaded top brush brushes out winter hair
- Adjustable Flow Control Valve

SILAGE WRAP

Silage Safe

SILAGE SAFE COVERING SYSTEM

Attain a higher yield from your roughage with Silage Safe!

Covering and uncovering your roughage is often very intensive and time consuming. Furthermore is the way by which the roughage is sealed influential in its quality.

Sealing your roughage airtight in a quick and efficient way is therefore very important. The Silage Safe roughage sealing system offers you the way to seal your roughage quickly, precisely and with minimal amounts of physical effort before it starts to rain.

Our premium silage wrap comes in several widths (stock widths are 50ft, 60ft, 80ft and 120ft). It is 5.0mil thickness and very high durability plastic. We can cut to fit any size of pit or pile up to 1000ft in length. So no more waste, buy the plastic to fit your pile. For example if your pit is 175 ft long you don't need to buy 200ft piece. We will cut your plastic exactly 175ft in length or if your pile is 400ft we can cut it 400ft with no joins!!

SILAGE WRAP

Premium Silage Wrap available in 50ft/60ft/80ft/100ft and 120ft wide rolls. Available cut to length on selective widths.

SILAGE SAFE COVERING SYSTEM

The Silage Safe storage rack makes it possible to safely and tidily store the Silage Safe sheets while not in use. This way, you can store all the sheets together and have them remain clean and undamaged.

MEDI-DART

The Medi-Dart allows you to effectively doctor cattle in a variety of scenarios. Our syringes are designed to eject from the cattle immediately following drug delivery, providing you the reassurance that your medication has been delivered successfully. The syringes are completely reusable. With our 30 and 35cc capacity syringe barrels and intramuscular and sub-cutaneous needles the tool offers you the flexibility needed to choose from a wide variety of medication to best meet the needs of your animal.

MEDI-DART DOUBLE BARREL CROSSBOW KIT

DOUBLE BARREL CROSSBOW KIT

- New & Improved ejection design
- Up to 30cc of medication
- Includes 2 reusable projectile syringes
- Crossbow & Air Pump
- Accurate at 20-30' of distance

BETTER FOR THE CATTLE

- Low stress on your animals
- No chasing – No restraining
- Keeps the animal with the herd
- Keeps the animal on feed rations
- Gets medication as soon as the health issue arises

BETTER FOR THE CATTLE PRODUCER

- Less stress on the producer
- No need to restrain the animal
- The animal can be treated easily on pasture or in the pen
- Know with certainty that the drugs have been administered when you retrieve your syringe
- Keeps problems from getting out of hand because the animal can be treated sooner, with less stress than with conventional methods

- Less time is needed to medicate the animal because it is a one-person mobile treatment system
- Low cost – nothing else to buy
- Low maintenance

DAVID L – SEDAN, KS

I have had the Medi-Dart Crossbow for over 4 years now. I could not be happier. I have cattle at five separate locations and very little help. I used to have to round up help, round up the sick cattle and haul them to a head gate. Now I just keep the Medi-Dart Crossbow with me and treat them on the spot.

ANONYMOUS - CT

You get what you pay for and more. Price is not everything as Lakeland stands for quality and service. I have no intention to look elsewhere for any future needs...

RANCHER - QC

Should have done this 30 years ago – you guys are the best people to do business with thank you for your great service

ALEXIS F - VAL-PARADIS, QC

Everything is good, we are very happy with your products. You have the quality we are looking for and when you said "Free shipping direct to your door" it's for sure true even if we are not close to you. Many thanks.

NOLAN H - CAMROSE, AB

Please pass along that I am extremely happy with the salesman, product and service I have received from Lakeland. The truck driver was excellent and I will pass along this information to other farmers in the Camrose area.

IAN O

I had been talking to Lakeland for a couple months about ordering a working system through them. Once we had decided we were ready for our new system we need it in a hurry. Yesterday at 9 am I had ordered an entire working system. Crowding tub, chute, and tipping table for our sheep. I had expressed that we needed this as soon as possible. Jotham said he would do his best to get it to us quickly. By 7 pm the truck was in the yard. And by 9 pm the same day it was set up ready for use. All the pieces and parts there, nothing missing. Nothing built wrong, it slipped together perfectly. I am nothing less than extremely impressed. I will be recommending them to everyone. Great to deal with helpful, kind and accommodating. Thank you Lakeland farm and ranch.

SUSAN - PA

I have never, before, worked with a company that has as accommodating customer service as yours! I have been emailing back and forth with logistics and they have been able to efficiently sort out every situation I had! The sales guy has also been very good – I am very impressed!

RANCHER - ND

The service from The Lakeland Farm And Ranch Direct goes above and beyond any company we have ever dealt with. Thank you for such great product and service...

ALLISON C - AIKEN, SC

Even though I am from BC, the reason I bought a Lakeland squeeze was simply on the attention to customer service. Just talking to Kelvin and his calls back & forth – there is not another company in this industry that has half the level of customer service as you guys. He always gets back to me sooner than I even need him to...

Send us a quick message either via text **1-866-443-7444** or email **info@lakelandfarmandranch.com**, as we'd love to hear about your experience with our products or feedback on how we improve

BARBARA R – GARLAND, KS

Just wanted to say "Thank You" to you and your team for the great customer service and professionalism. We were very impressed with the delivery driver Adolph. He worked with us on a delivery schedule, even though he had to wait a few hours for us to return from work. When our tractor was unable to lift the equipment off the truck due to the height, he patiently waited until our neighbors came to help and at one point even pitched in. We will continue to use Lakeland for our future farm needs.

CAYLEEN L – BEAVERCREEK, OR

I am very happy with the quality of Lakeland products and have been turning other farmer friends your way. Excellent, exceeds the rest in value and performance! I will only buy Lakeland moving forward and wish I had discovered you years ago! Thanks for your amazing service, follow up and products. Much appreciated.

LOGAN – CALEDONIA, NS

Your customer service is awesome and delivery was perfect so its thumbs up all round on you guys!

SHEEP FARMER - BC

What I like too is that you people are so interested in helping me – I want to tell you how great you guys are. You can ask my son & my neighbour and they'll say the same. Send me some flyers & business cards & I'll get you some business around here.

RANCHER – TENNESSEE

We are really enjoying the squeeze chute – everything is wonderful – we have a lot of people through our operation and all have looked at it and are really impressed. Thank you for your outstanding customer service – we really appreciate that!

ANONYMOUS

You guys are amazing! I struggle to get anyone else to ever call back but you guys just keep in touch!

TORI – DONIPHAN, MO

We did get our system! The poor delivery driver was awesome. He had a bit of trouble driving in our mountainous roads but was super great. He was very accommodating to our inability to get his truck into our farm. I know he is just a contractor for your company but unloading was tricky and he had a fantastic upbeat attitude that I really appreciated. The only complaint I have is that I wish I would have know before ordering that the equipment would come on a full semi. We had no way to get his rig into our farm, with better notice we could have set up to meet him at a friends farm. Otherwise, we have no complaints and really appreciate the system! Thank you

BEN

The equipment is phenomenal. I am extremely happy I went with you folks. The equipment is top notch. Also, a huge thank you to the individual who trucked it down as well. He was an extremely professional individual. The jacket fits like a charm. Thank you very much!! We will be putting up another sheep barn at the beginning of 2024 and you will definitely on my to call list. Thank you for all of your help, we really appreciate it.

JAYDEN – FAIRVIEW

So far we are quite pleased with the quality of everything and ease of setup. As we expand our operation we will definitely look at expanding our equipment with more from Lakeland. Was a pleasure dealing with you and your team.

MELISSA S – BOZRAH, CT

I just wanted to let you and the company know how happy we are with your products. They are superior quality and so heavy (strong). I know that we will love using the panels and feeders for the sheep. Additionally everything did arrive in a timely manner and your driver was excellent. I will definatly recommend your company to others. When we build our new sheep facility we will be back to do more business.

ALLISON C – AIKEN, SC

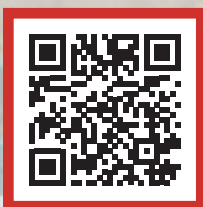

Thanks for the follow up and such great customer service
