

### Lakeland Calf Catcher UTV Sizing Guide

- 1) Measure the length from the centre of the rear ball hitch to the vertical rack on the front of your UTV.  
**Ensure this measurement is between 107"-118.5".**
- 2) Measure from the ground to the top of the vertical rack on the front of your UTV.  
**Ensure this measurement is between 32"-38".**
- 3) Measure from the ground to the centre of the rear ball hitch.  
**Ensure this measurement is between 10.6"-15.6".**
- 4) Measure from the center of your UTV to one side.  
**Ensure this measurement is under 33.7".**

If your UTV does not fit these requirements, give us call and we will make you a custom hitch!
